

TIVO  
BOLT™

500 GB | 1000 GB

# Introducing the all-new TiVo BOLT, the Unified Entertainment System.

It looks unconventional because there's nothing conventional about it.

Engineered to get you to the good stuff faster, TiVo BOLT was born to entertain. Its SkipMode™ feature lets you skip entire commercial breaks in your recorded shows at the press of a button<sup>1</sup>. QuickMode™ technology lets you speed through slow-moving shows 30% faster with pitch-corrected audio. Best of all, TiVo BOLT unifies all your TV channels and streaming content<sup>2</sup> into one simplified and searchable system, so you can start binge-watching any available show almost instantly.

## PRODUCT DETAILS

### SkipMode™

Skip entire commercial breaks at the press of a single button, and resume your recorded show instantly<sup>1</sup>. No more guesswork, overshooting or button mashing.

### QuickMode™

Lets you watch 30% faster with pitch-perfect audio—perfect for slow-moving news, sports and political speeches.

### OnePass™

Finds, organizes and gives you instant access to every available episode of any show you want to watch, whether it's on TV or streaming services like Netflix and Amazon Prime Instant Video<sup>2</sup>.

### 4K

Connect TiVo BOLT to your 4K TV and stream content in Ultra High Definition resolution with spectacular, eye-popping color and detail<sup>3</sup>.

### Mobile

Enjoy live TV and recorded shows on your tablet, smartphone or laptop<sup>4</sup>.

### TrickPlay™

Record up to 4 shows at once and enjoy them with patented TrickPlay control features.

and more...

# TIVO BOLT™

SKU: R84950

<sup>1</sup> SkipMode feature is not available for all recorded shows. <sup>2</sup> Broadband internet connection is required to access and receive streaming content. Availability of third-party content from streaming sources is subject to change, and certain third-party fees may apply. For example, Netflix unlimited streaming membership is required (and sold separately) to access Netflix content, and Amazon Prime membership is required (and sold separately) to access Amazon Prime Instant Video content. <sup>3</sup> Additional third-party charges may apply. <sup>4</sup> Compatible tablets and mobile devices consist solely of an iPad®, iPhone® or iPod touch® device running iOS 7.0 or later, or an Android™ mobile device running 4.1 or above with a non-Intel or AMD chipset (sold separately). Not all recorded content can be streamed or downloaded to a laptop, tablet or mobile device (due to copy protection assigned by content provider and/or other technical limitations). Some recorded content can only be streamed/downloaded to your laptop, tablet or mobile device while you are on the same network as your TiVo BOLT. Out-of-home streaming/downloading is anticipated to be coming soon; when this functionality arrives, out-of-home streaming (a) will support streaming to only one of your devices at a time and (b) may not be available for all recorded content. <sup>5</sup> Actual high-definition recording capacity may vary, depending on television signal source, content, and other factors. <sup>6</sup> Streaming within the home requires a separately purchased TiVo Mini (with service included) for each TV. The TiVo BOLT works optimally with up to four TiVo Minis, and potentially with up to ten TiVo Minis. A multi-network adapter (sold separately) may be required.

TiVo BOLT functionality requires a TiVo service subscription. TiVo BOLT features and functionality are not guaranteed and are subject to change without notice. Visit [www.tivo.com](http://www.tivo.com) for additional information and restrictions.
